

WE RELEASE OUR 2017 SUSTAINABILITY REPORT

For the ninth consecutive year, we release our Annual Sustainability Report, in accordance with the international standards of the Global Reporting Initiative (GRI), in its exhaustive version.

In this Sustainability Report we present each management approach through the voice of our protagonists, who build each sustainability axis with passion and commitment. We are proud to share with you the economic, social and environmental performance, every year looking to get closer to our stakeholders.

"This report reflects the Company's transverse effort in the constant search for improvement in all aspects related to sustainability, through concrete initiatives designed in the long term. We are on a continuous path towards excellence, which leads us to manage thinking about the common good of all our stakeholders. We maintain the course of search for a diverse culture that improves the way of operating our business processes every day and because we are convinced that it is the way to grow both in our internal and external relations. In addition, since 2016 we are part of Chile's Dow Jones Sustainability Index (DJSI) and since 2017 also in Mercado Integrado Latinoamericano (MILA), representing a recognition of the efforts made in matters of Sustainability by the different stakeholders we serve", said Miguel Angel Peirano, Chief Executive Officer of Coca-Cola Andina.

Coca-Cola Andina's Sustainability Report was verified by EY Servicios Profesionales de Auditoría y Asesorías SpA., an independent entity, and covered the Company's operations in Argentina, Brazil, Chile and Paraguay.

We invite you to access our website, where the 2017 Sustainability Report using the following [link](#).

You can also find it in our new App **Coca-Cola Andina IR**, that can be downloaded to any smartphone, from the App Store or Google Play.
